(B) *Procedures.* The procedure for asserting an appeal alleging error before the Board shall be consistent with the procedure for requesting a variance. See § 30.63 of this chapter for procedures.

(Ord. 12-171, 10-10-2012)

§ 30.62 VARIANCES.

(A) *General.* The Board shall have the power to authorize in specific cases a variance from the terms of Ch. 50, 154 and 156 of this Code of Ordinances, if the variance is not contrary to the public interest and, due to special conditions, requiring strict compliance of the provisions within the aforementioned ordinances would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done.

(1) *General.* Zoning variances that may be brought before the Board may include, but are not limited to:

(a) *Yard and fence setbacks permit.* A variance in the setback requirements of any district where there are unusual and practical difficulties or unnecessary hardship in the carrying out of these provisions due to an irregular shape of the lot, topography or other conditions; provided that, such variance will not significantly affect any adjoining property or the general welfare of the community; and

Chapter 30: Officials, Employees and Organizations

(b) *Structures permit.* A variance whenever a property owner can show that a strict application of the terms of Ch. 156 of this Code of Ordinances relating to the construction or alteration of a building or structure or the use of land will impose unusual and practical difficulties or particular hardship.

(2) *Requirements for zoning variances.*

(a) The Board shall ensure that any surrounding property pertaining to a variance request will be properly protected.

(b) The Board shall not, in any event, permit a use on any property that is not permitted within the zoning category for which such property is zoned.

(C) *Site development plan variances.* The Board shall take into account the nature of the proposed use of the land involved, the existing uses of land in the vicinity, the number of persons who will reside or work in the proposed development and the probable effect of such variance upon traffic conditions and upon the public health, safety, convenience and welfare in the vicinity.

(1) *Requirements for site development and water quality variance.* No variance shall be granted unless the Board finds that all of the following provisions are met.

(a) Special circumstances or conditions affecting the land involved such that the strict application of the provisions of Ch. 50 or Ch. 154 of this Code of Ordinances would deprive the applicant of the reasonable use of the involved land.

(b) The variance is necessary for the preservation and enjoyment of a substantial property right of the applicant.

(c) Granting of the variance will neither be detrimental to the public health, safety or welfare, nor injurious to other property in the area.

(d) Granting of the variance will not have the effect of preventing the orderly development of other land in the area in accordance with the provisions of Ch. 154 of this Code of Ordinances.

(2) *Burden of proof for site development variance.* The burden shall be on the applicant to demonstrate that the requirements listed in division (C)(1) above are met prior to or at the time of requesting the variance.

(D) *Minimum departure.* When the Board determines that a variance is warranted, the variance permitted shall be the minimum departure from the terms of the relevant ordinance, either Ch. 50 or Ch. 156 of this Code of Ordinances.

(E) *Recommendation.* The Board may seek the recommendation of the Planning and Zoning Commission, and the City Engineer prior to taking any action on a proposed variance. The Board shall obtain the recommendation of the Planning and Zoning Commission and/or the City Engineer should the City Manager/Administrator direct the Board to do so.

(F) *Pecuniary hardship.* Pecuniary hardship of the applicant, property owner or developer, by itself, shall not be deemed sufficient to constitute undue hardship.

(G) *Granting variance for more favorable outcome for general public.* It shall be an adequate basis for granting a variance if doing so will enable the applicant to create additional open space, reduce impervious cover, preserve trees, maintain critical environmental features, ensure more wildlife preservation or bring non-conforming structures (including signs) into compliance with current regulations. This section is designed to achieve a more favorable outcome for the general public than would be possible complying with Ch. 50, 154 and 156 of this Code of Ordinances.

(H) *Necessary percentage of vote.* The concurring vote of at least 75 percent of those Board members in attendance is necessary to:

- (1) Reverse an order, requirement, decision or determination of an administrative official;

The request for a variance shall clearly state the unusual conditions or circumstances which, in the applicant's opinion, justifies a variance.

(C) *Stay of proceedings after appeal is filed.* An appeal stays all proceedings in furtherance of the action that is appealed unless the administrative official, from whom the appeal is taken, certifies in writing to the Board of Adjustment facts supporting the official's opinion that a stay would cause imminent peril to life or property. In that case, the proceedings may be stayed only by a restraining order granted by the Board or a court of record on application, after notice to the official, if due cause is shown.

(D) *Fee.* The fee for an appeal or a variance is provided for in Ch. 35 of this Code of Ordinances.
